

HARBO
INC.

SPILL RESPONSE

**Stop Spills Before They
Spread – Deploy in Minutes.**

The Harbo Boom enables rapid on-site oil spill containment, preventing environmental damage before it spreads. Its lightweight cartridge-based system ensures quick deployment without requiring specialized personnel.

DURABLE.

Built for harsh marine conditions, tested at five-knot river currents and open ocean (sea state 4).

EFFECTIVENESS.

Immediate containment prevents oil slick expansion, reducing reliance on large-scale recovery efforts.
